### Dear family, friends and clients,

Surf Ontario was recently featured in the Chris an Science Monitor for its winter surfing: *"Their form-fitting, neoprene black wet suits stand out in sharp relief as Mike Sandusky and Rob Baytor plow through untouched snow..."* [Surfing in the winter](#)

We may not see snowy surf conditions for a while as Spring is right around the corner and that has us extremely excited to receive more SUPs and surfboards. Check out the quick links side bar for pics, new boards, Surf Ontario updates and more.

### Touring SUPs

NSP has introduced two new boards for 2011, a 12'6" and a 14' touring SUP. These boards are great for fitness, distance and racing. We'll be receiving this style of board from Coreban, Hobie, and Jimmy Styks so you'll have a variety to choose from, we can't wait!
